## UNITED STATES ISSUES WARNING TO GERMANY AND GREAT BRITAIN

America Will View With Grave Concern Further Use of Stars and Stripes by Either Nation, and Sinking of American Vessels Would be Deemed Cause for Serious Consequences.

### IMPRESSION OF DISPLEASURE FROM U. S. COMES IN EMPHATIC MANNER

Kaiser, Depressed Over Heavy Loss of Men, Summons Leaders for Conference, and New Points of Attack are Expected to be Chosen.

Associated Press.

Washington, Feb. 11.—The United States has warned Great Britain and Germany, respectively, that general use of the American flag by British vessels would be viewed with grave concern here and that the destruction of any American vessel in the newly prescribed war zone would lead to serious complications.

It came known today that the two notes sent last night to Great Britain and Germany expressed more emphatically than had been generally known the displeasure of the United States at the use of neutral flags by British merchantmen.

The British press finds much cause for comment in the Austrian official admission that "the fighting is heavy and vexatious."

In the Carpathians it is evident that both sides find the fighting among snow covered passes, with only the most precarious connection with their resources of supplies, a warfare in which the results gained are very dearly purchased.

One account reaching Paris by way of Warsaw places the German losses on the Bzura and the Rawka fronts at 45,000 dead. This report is absolutely without confirmation. Nevertheless Danish military critics say Emperor William has protested against the slaughter and that as a result an effort will be made by the German War Staff to transfer the fighting to some point where the Russians are less formidably entrenched.

The Russian reports of the fighting from the extreme north to the extreme southeast of the line through Poland, continue optimistic.

The British press finds much cause for comment in the Austrian official admission that "the fighting is heavy and vexatious."

In the Carpathians it is evident that both sides find the fighting among snow covered passes, with only the most precarious connection with their resources of supplies, a warfare in which the results gained are very dearly purchased.

In the extreme north, where the Russians have been conducting a flank movement against the forces of Emperor William in East Prussia, the situation is becoming clearer. The Germans have rushed heavy reinforcements there and with these men they expect to be able to forestall the Russian advance. The Russians, however, already appear to be in a position threatening Insterburg, from which German town the population is reported to have been advised to depart until present military operations are concluded.

The situation in the Balkan states appears to London observers to be rapidly crystallizing. Great Britain, France and Russia seem to be quite satisfied that Roumania's ultimate action will be on their side.

### WILHELMINA CARGO SEIZED

Falmouth, England, February 11.—via London.—The cargo of the American steamer Wilhelmina was seized by the British authorities here today in accordance with the decision of the Foreign Office. The cargo is to go to a prize court.

Washington, Feb. 11.—The State Department has concluded that the Wilhelmina case must be allowed to take a normal course which involves going to a prize court because of the issue raised by the British contention that Germany has justified the seizure of the Wilhelmina cargo by its decree appropriating the home grain supply.

### BONEBRAKE HAS SCHEME TO SAVE COIN

By Associated Press.

Columbus, O., Feb. 11.—To permit some county official to issue automobile licenses and examine chauffeurs, and thus abolish the State Automobile Department with a saving of \$40,000 to the state, was suggested to the Howard Department Survey Committee today by W. M. Bonebrake, of Columbus, district manager of an auto owners protective association.

Forty-five employees of the State Automobile Department could be dispensed with, Mr. Bonebrake declared, an only three retained with a total salary roll of not more than \$6,000.

State Auditor Donahey told the committee that the Automobile department should move from its expensive quarters on the ground floor of a Columbus office building. He criticized the expenses he termed extravagant during the last administration.

### GREY'S VIEWS DRAW CHEERS

By Associated Press.

London, Feb. 11.—"The recent public utterances in Germany give no reason to suppose that the purpose in view will be promoted by adopting the course suggested," was the answer of Sir Edward Grey, the British Foreign Secretary to a question in the House of Commons this afternoon asking whether, with a view to ending the terrible loss of life in war, Great Britain was prepared to declare publicly the basis whereon the allies were willing to discuss terms of peace.

The members of the House greeted Sir Edward Grey's answer with cheers.

### NEW BLACK POPE CHOSEN

By Associated Press.

Rome, February 11.—Father Ledochowsky was today elected general of the Society of Jesus, in succession to Father Francis Xavier Wernz. The head of this society is known as the Black Pope.

### TRAFFIC RATES ARE CHANGED

By Associated Press.

Washington, Feb. 11.—To meet new traffic conditions, which have

arisen with the opening of the Panama Canal, the Interstate Commerce Commission today permitted transcontinental railroads to establish certain commodity rates from eastern points to Pacific Coast terminals, lower than those to intermediate points in inter-mountain territory.

The order permits railroads to carry carload freight from Chicago, Buffalo and New York to intermediate points 15, 25 and 35 cents higher than from the Missouri river to the same destinations, and less than carload commodity rates from Chicago, Pittsburg and New York to intermediate points may exceed those from the Missouri river to the same destination by 25, 40 and 55 cents respectively.

### GOVERNOR IS ILL FROM HEART ATTACK

By Associated Press.

Columbus, O., Feb. 11.—Governor Frank B. Willis suffered an attack of heart trouble in the executive office this afternoon as a result of which he was removed to another apartment in the State House and denied callers during the rest of the day.

### YEGGS BUSY IN FAIRFIELD

By Associated Press.

Columbus, February 11.—A party of five yeggmens visited Baltimore, Fairfield county, about 20 miles south east of here, at midnight last night, blew the postoffice safe and, after exchanging shots with a rural carrier, made their escape with \$200 worth of stamps and \$15 in money.

### FEDERAL MEN ARE IN COUNTY INVESTIGATING

Federal inspectors with Dr. G. R. Teeple in charge, are in the county for the purpose of examining every head of hog, cattle and sheep in the three miles radius of the John Perrill farm, near Jasper, for the purpose of ascertaining if the foot and mouth disease exists in that territory.

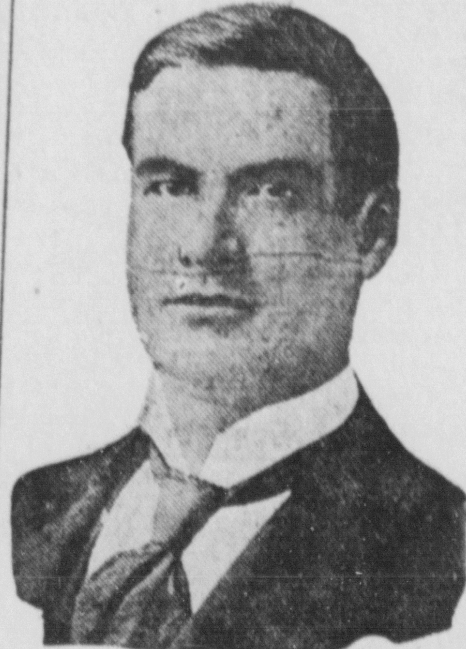

So far as known no case of the disease exists, but the precaution is taken to insure freedom from another outbreak.

Dr. Potter, another Federal inspector, was in the county to trace a shipment of hogs from the Parrott Station locality. The hogs were shipped from Parrott's Station January 30th, but had been unloaded two or three times between this city and Baltimore. Dr. Potter found no trace of the disease upon the farm from whence the hogs were shipped.

Several rumors have been current during the past few days, that this county again was threatened with an outbreak of the troublesome bovine plague, but careful inquiry has failed to unearth any cases of the disease, and the situation is being watched very closely and rumors so far have proven groundless, although a further outbreak is not unlikely.

## TEUTONS SEEK BILLION AND QUARTER LOAN

By Associated Press.

London, Feb. 11.—German financiers have been summoned to conference in Berlin with the finance minister, who considers that a new loan of \$1,250,000,000 is required for the continuance of the war, says a dispatch from Amsterdam to the Exchange Telegraph Company.

It is hoped that a large portion of this loan the message adds, will be subscribed by the Krupps and other leading German firms, in exchange for new army contracts.

## FIGHT IN THE SENATE UNDERGOES CHANGE

By Associated Press.

Washington, Feb. 11.—The situation in the fight over the Administration Ship Bill underwent a complete change today as the result of conference between President Wilson and Congress leaders.

It was determined to relax the fight in the Senate, thus suspending the historic filibuster, while the important appropriation bills are passed.

Meanwhile, Senator Gore's substitute for the Administration bill will be introduced in the House as an amendment to the Weeks' bill, another ship measure which already has passed the Senate.

Under a special rule it would be perfected to meet the views of the Administration and then be presented to the Senate for action as a new proposition.

The present bill, over which the long fight has endured, would be allowed to die in committee.

When the new bill comes over from House, if the fight in the Senate is renewed upon it, President Wilson will decide whether to call an extra session of Congress for consideration of the ship bill alone.

Washington, February 11.—Administration forces were reformed to continue the fight over the Ship Bill, at an early conference today between President Wilson, Senators Fletcher and Simmons and Representative Kitchen.

It was decided to stand behind Senator Gore's substitute for the bill, now pending in the Senate.

### KILLS HIMSELF AFTER FATALLY WOUNDING WIFE

J. Walter Paul, aged about 40 years, who for several years has resided in Springfield, committed suicide in Springfield Tuesday night, after first having fatally injured his wife by crushing her skull. His remains will be shipped to this city Friday morning, and interment made south of this city. He was a son of William Paul, residing here.

According to Springfield accounts of the tragedy, Paul, who was a clerk, and a bugler for Company B, Third regiment, O. N. G., in Springfield, first attacked his wife with an axe, inflicting horrible wounds, and then went to the armory, where he sent a bullet through a vital spot and died almost instantly.

When the suicide was discovered, a search was made for his wife, and she was found at their home on 21 West Perrin avenue, with her head crushed in, where the axe had fallen upon her. The wife died Wednesday, and will be buried in Springfield.

Paul spent most of his life in this county, part of the time residing on a farm south of this city. After going to Springfield he married Jessie Lyons, daughter of Mr. and Mrs. Wm. Lyons, of 119 W. Mulberry street Springfield.

Paul was well known here and had a wide circle of friends who will be greatly shocked to learn of the great tragedy in which he is the central figure.

### MEMBERSHIP REACHES 300

The Board of Directors of the Y. M. C. A., met in regular monthly executive session Wednesday evening and after disposing of minor business matters considered and approved the January report of Secretary Patton.

The board pronounced Mr. Patton's report highly satisfactory. The total expenditures, as they have been doing for the past several months, ran comfortably under the budget allowance, while the actual receipts and budget estimate were about even; both figured irrespective of a receipt of \$100 and its subsequent expenditure on the swimming pool improvement.

It was noted by the board also, that an expenditure of \$28.40, for insurance, not provided for in the budget, was met.

A pleasing feature of the report was the increase in membership, bringing the roll over the 300 mark. The total membership now stands at 301.

Mr. Patton's report follows: Total receipts, \$509.27; budget \$432.00; total expenditures, \$462.21; budget, \$507.63; total membership, 301.

### LAD IS GIVEN SCRUBBING

Detained upon a charge of loitering a very small boy, who has been a familiar object about the city at all hours in the day, was taken to the mayor's office, Thursday morning, and was sentenced to a good face and hands washing.

The police aided him and the transformation was somewhat startling. He looked so good to Mayor Coffey after the job was completed that His Honor dismissed him at once.

## HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisurated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisurated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G. adv

### CHURCH OF CHRIST

#### NOTES AND ANNOUNCEMENTS.

Special evangelistic meetings will begin Sunday, February 21. The meetings will be conducted by home forces entirely, the church board voting unanimously that the pastor, Bowman Hostetter, be the evangelist again. This will be the fifth meeting that he has held here in the 4 years of his ministry.

Preparation for the meetings will proceed along two principal lines: 1. Prayer. A prayer league is organizing for individual and private prayer and neighborhood prayer meetings will be instituted next week. 2. Building up the Bible school. Each class is working to increase its attendance to the highest possible number by the time the meetings begin.

The following classes are holding their monthly meetings this week:

Intermediate Boys, Wednesday, 7 p. m., with Mrs. Bowman Hostetter, Rawling St.

## COMBINATION OF OHIO COMPANIES DELAYED A WEEK

Columbus, O., Feb. 11.—Marked by constant and recurring clashes between two sets of attorneys was the first hearing before Blue Sky Commissioner Joseph H. Harper, on a protest of heads of Ohio Life Insurance companies against the plan of consolidation backed by R. L. Dollings and associates.

A question of jurisdiction being raised by the attorneys for the insurance companies, it was agreed that the matter should go over until one week from today, until Attorney General Edward C. Turner can pass upon the question of whether the State Banking Department, administering the blue sky law, or the superintendent of insurance has authority in the plan of exchange or trust certificates. In the meantime there is to be no solicitation of stockholders, by Mr. Dollings and the trustees named in the trust agreement filed with the department.

## PRaise FOR ARTISTS WHO SOON COME HERE

In commenting on the concert given in Columbus recently by Bohumir Kryl & Company, scheduled for Washington C. H., February 16 on the Washington Lecture course, the Evening Dispatch says in part:

"A couple of very talented children were quite as much of an attraction as their well known father at a recital given by Bohumir Kryl, the famous bandmaster and cornetist, and his two daughters, Josephine and Marie. We have never had three members of any family, including representatives still in their teens, who showed such remarkable musical attainments as did the gifted Kryls."

The Kryl concert in Columbus in 1913-14 season was so eminently satisfactory that they were brought back the following year.

Speaking of the ability of Josephine Kryl as a violinist the Pittsburg Gazette-Times says:

"There was little Josephine with her violin. When she cuddled the fiddle up under her little fair head and tickled the strings with an unerring bow—then eye and ear, and heart, of every auditor was filled to surfeit, and the weary cark and care of all your days was forgotten. How does she play? Well, you hunt up the fairest painted picture of St. Cecilia that you ever saw; then close your eyes and picture the sort of music, in your imagination, that would fit the picture. Then you will understand how little Josephine Kryl plays the violin—almost."

## REHWINKLE SOCIETY TO HOLD MEETING

Local dentists will attend a big meeting of the Rehwinkle Dental Society, in Chillicothe, Saturday, where one of the largest gatherings of dentists ever held in this part of Ohio, will take place, and where several noted dentists, from points as far away as Kansas City, Mo., will address the dentists.

It is probably the most important meeting of the society ever held, and each dentist is looking forward to the event with no little anticipation.

Following the business session, and the addresses of the noted doctors who will be present, a banquet will be enjoyed Saturday evening.

Dentists from this city, Greenfield, Wilmington, Circleville, Jeffersonville and in fact from each town and city in this part of the state, will attend in a body.

## NO NEW CASES OF SMALL POX

The smallpox situation in this county apparently is well in hand, and owing to the vaccination of scores of persons and enforcement of rigid quarantine, it is believed that the epidemic has been stamped out, and that there is no further cause for apprehension, although at first there was fear that the disease had been widely spread through persons attending services at the Christian Union church in this city.

However, the church was thoroughly fumigated a few days ago, and is now in use once more.

No deaths have resulted where the disease appeared in the Black Oak school neighborhood, and the cases were mostly very light ones.

Pupils who had been exposed to the disease, as well as members of the families where the disease had appeared, were vaccinated, one physician vaccinating more than 100 persons during the past week or ten days and each case of vaccination was successful with the patient suffering very little effects from the vaccination.

## VILLA CLAIMS MORE VICTORIES

El Paso, Tex., Feb. 11.—Preparations are now under way for the evacuation by the Carranzistas under General Dieguez of the city of Guadalajara, capital of Jalisco, according to advices received by Villistas here. These state that General Villa, who is with the main attacking army, twenty miles from the city, has ordered General Medina, operating west of Guadalajara, to be prepared to give battle to the Carranzistas when they quit the city. One report says Villa is attacking the city from the east. Fighting continues in the state of Queretaro between the Villistas and a large force under Eulalio Gutierrez and other supporters of the former government, according to Carranza advices received here. Villistas report the Carranza army badly defeated and completely repulsed in the fighting around Monterey.

## THE VISION SPLENDID.

Ages ago a wise tent-maker taught:  
More happy he who in some tavern's brawl  
Catches one gleam of love and  
heeds its call  
That he who has in Eros' temple  
wrought  
With ne'er a vision of the god he  
sought.  
Maybe with gifts he heaped the altar  
tall,  
Offering in barter, body, soul and  
all—  
Love, the divinity, cannot be bought!

But what of him who tireless vigil  
keeps,  
Serving with joy the temple's inner  
place,  
Tending the shrine lest incense it  
should miss?  
His humble service precious guerdon  
reaps;  
For him the Shining One reveals  
his face!  
Tongue hath no words for blessedness  
like this!

## Just Why We Sneeze.

Sneezing may be due to one of a  
number of causes. A bright light will  
cause many people to sneeze, as also  
the pollen of certain plants, while there  
are few people but will sneeze in the  
presence of dust. When you have a  
cold the sneezing is due to an attempt  
by nature to cure you. She is trying  
to make you sneeze for the same pur-  
pose that she wants you to shiver—to  
generate heat for warming the blood  
and preventing you from taking more  
cold—to help relieve the cold you have.  
For one does not sneeze with his nose,  
but with the entire body. During the  
act every muscle of the body gives a  
jump, as it were. It goes into a sort of  
spasm that warms the entire system.—

## Our Daily Special.

Most of us forget to be thankful for  
what we don't get.

## Sad!

The dice box said: "Oh, woe is me!  
It makes my poor heart ache;  
I haven't any friends, you see,  
They all give me the shake."

## Mean Brutal!

"This paper claims that a man spends  
less money after he is married than  
before," said Mrs. Nagg. "And that is  
what I have always claimed."  
"Of course he does," agreed Mr.  
Nagg. "After he is married he hasn't  
got it to spend."

## Playing Safe.

Your trust in man is sometimes slurred.  
I'm speaking fact now, sonny.  
So never take a fellow's word  
If you can take his money.

## Paw Knows Everything.

Willie—Paw, what is meant by the  
quotation "Uneasy lies the head that  
wears a crown?"  
Paw—It means that a king is com-  
pelled to get married whether he wants  
to or not, my son.  
Maw—Willie, you go to your room.

## Luke McLuke Says:

No matter how well she is dressed, a  
woman believes that if she isn't wear-  
ing a pair of shoes with colored cloth  
tops she is disgraced.  
Every time the rag man comes  
around a boy always looks longingly at  
the garb mother is wearing around the  
kitchen.  
When mother gets chummy with a  
new neighbor woman she will take the  
neighbor woman upstairs and show  
her the family jewels. These consist  
of mother's marriage certificate, some  
clippings from the papers about the  
marriage and some old pictures. And  
mother will show the neighbor a pic-  
ture of father before they were mar-  
ried and ask if he wasn't a handsome  
man. And mother will get reminiscent  
and will tell what a grand man father  
is. And mother will take up the entire  
afternoon telling how nicely she and  
father get along and that they never  
have a cross word. And then father  
will get home and discover that the  
supper table isn't set yet, and father  
will break up the hall rack and throw  
it at the piano and cuss mother in ev-  
ery language from Greek to Chinese.  
Once in awhile the girl who can't  
make her eyes behave marries a man  
who can't make his thirst behave.  
There are only a few sure things in  
the world. And one of them is that a  
fat woman knows that she is NOT get-  
ting fatter.  
When some men are going to church  
with their wives you would imagine  
that they were being taken to jail by  
the sheriff.  
A little monkey faced baby is always  
the perfect image of a wealthy uncle,  
no matter how handsome said uncle  
may be.  
The smokeless nuisance is a man  
who swore off tobacco on the first of  
the year and who wants to tell you  
all about his sufferings.  
Most men do not care whether they  
have the right side of an argument or  
not as long as they have the opposite  
side.  
When a girl has a hole in her stock-  
ing she thinks it would be awful if an  
automobile should run into her.  
Many a man breaks himself trying to  
make both ends meet.  
A man would rather have his wife  
look fat than help her lace herself so  
she would look thinner.  
Maybe a woman would travel in dou-  
ble harness longer if she would bridle  
her tongue.  
As a rule, when a man's tongue is  
thick his pocketbook is thin.  
Severe breezes uncover a multitude  
of shins.  
Any honest girl can tell you that  
the prettiest apple isn't always the  
sweetest.

TAGGART IS  
WILLIS' CHOICE

Columbus, Feb. 11.—Governor Wil-  
lis has appointed Judge Frank Taggart  
of Wooster to the position of  
state insurance commissioner, to suc-  
ceed Price Russell. Attorney James  
B. Ruhl of Cleveland had refused to  
accept the appointment as insurance  
commissioner at the proposed re-  
duced salary of \$4,500.

Following the testimony given by  
Assistant Superintendent R. M. Small  
before the Howard office probe com-  
mittee relative to Superintendent  
Price Russell not giving attention to  
business of the office, Mr. Russell  
summarily discharged Mr. Small and  
at the same time sent to Governor  
Willis his resignation, with the un-  
derstanding that it become effective next  
Monday.

Judge Taggart was a member of  
the last constitutional convention. He  
also served as a member of the old  
circuit court in the Fifth district. In  
the constitutional convention he was  
regarded as a member of much ability  
and was classed as a conservative.

WIRELESS PHONE CARRIES  
VOICE 721 MILES.

San Francisco, Feb. 11.—Spon-  
sored unofficially by order of the  
secretary of the navy, a wireless  
telephone invented by H. P.  
Dwyer, a San Franciscan, car-  
ried the human voice a distance  
of 721 miles. The conversation  
was between the United States  
government radio station at  
Mare Island and the government  
radio station at Tatoosa, Cape  
Plattery, on the coast of Wash-  
ington. During the test Dwyer's  
voice was also heard at Bram-  
erton and other points. The call  
sent out from Mare Island was  
received on wireless telegraph  
boards and the replies were tele-  
graphed back to the inventor  
and the members of his party.  
Through the perfection of cer-  
tain parts of the invention,  
Dwyer states that it is possible  
to telephone in any kind of  
weather.

## "The Fit" And "The Unfit"

In a recent edition of the Chicago News is a cartoon that  
impresses the awful cost of the European war and its toll in  
men, more eloquently than could any speech.

The title of the cartoon is "Efficiency." Europe stands,  
depicted as a ruling queen, in the center, and on one side of her,  
marching to the front are "The Fit," a splendid company of  
sturdy soldiers, upright and military in bearing, such a reg-  
iment of men as any country would glory in sending forth. On  
the other side of Europe stands "The Unfit," a motley gath-  
ering of the weak and sick, the maimed and the degenerate.

The queen urges "The Fit" forward, saying, "You go  
and die for your country; these (pointing to the "Unfit")  
will build up the new civilization.

The cartoon is charged with a potent message of warning.  
It electrifies with the awful possibilities of the new civiliza-  
tion, built up by the dregs of each nation—the unfit—who, in-  
capacitated, are preserved safely at home, while the men of  
bravery and morality must offer up their splendid manhood  
to the lust of war.

After seeing this cartoon the statement of Lord Kitch-  
ener in answer to the question as to how long the war will last,  
"I don't know when it will end, but I do know when it will  
begin, and that is in the month of May," seems all the more  
 tragic.

It does not need the Brooklyn Times to tell us that this  
is the most momentous and, indeed, the most appalling an-  
nouncement of the year. It means that the next four months  
will be utilized in assembling the strongest forces, bringing  
forward the heaviest guns, urging the entrance of already  
well disposed allies into the conflict, and such a reign of terror,  
destruction and death in Europe next summer, that even the  
events just passed will form but a prelude.

The editor of the New York Evening Sun, Mr. Frank H.  
Simonds, after careful weighing of all available evidence,  
draws the conclusion that "the three years originally fixed as  
the maximum duration of the war now seems rather the min-  
imum period in which the end can be reached." Americans  
will do well in considering the European situation to bear in  
mind that in no country now fighting is there sufficient desire  
for peace to make tolerable the only conditions under which  
peace is possible. Nowhere, save in America, is there the  
smallest hope of an early termination.

God pity these countries of Europe and their future! "The  
Fit" wiped out; the burdens of restoring lost industries, lost  
trade, lost fertility and of rebuilding a capable race resting  
on the shoulders of the "Unfit."

## Museum Loses Famous Collection

The sale of the famous Morgan collection of Chinese por-  
celains, considered the finest and probably the largest collec-  
tion of its kind in the world, entails a loss to the New York  
Metropolitan Museum of Art.

This collection has been on exhibition in the south wing  
of the museum and one of the most interesting art collections  
known. It will now be removed from the museum and sold in  
individual pieces.

The work of many periods of the Chinese dynasties is set  
forth in this wonderful collection of 500 pieces, and lovers of  
art and history alike regret that its treasures are to be scat-  
tered instead of being kept intact as an educational feature  
of the museum.

The purchase price is approximately estimated at \$4,000.  
An enormous price willingly paid by a well known New  
York firm of art dealers to the owner of the collection, J. P.  
Morgan.

## BOLD YEGGS ROB NEW HOLLAND POSTOFFICE

USE THREE HEAVY CHARGES OF NITRO-GLYCERINE AND SAFE AND FIXTURES ARE WRECKED AT EARLY HOUR THIS MORNING—VILLAGE AROUSED BUT MEN ESCAPE IN BUGGY, OBTAINING \$200 WORTH OF STAMPS AND \$80 IN CASH.

The most daring robbery ever pulled off in New Holland, and one of the most daring taking place in this part of Ohio recently, occurred at an early hour Thursday morning, when unknown yeggs wrecked the safe of the New Holland postoffice, obtained \$80 in cash and \$200 or more in stamps, and escaped in the darkness, using a horse and buggy in making their getaway.

A few minutes after the yeggs had taken their departure, the town was alive with angry citizens, bent upon apprehending the men who had so boldly come into their midst and, after exploding three charges of nitro-glycerine, had escaped with the loot they sought.

When citizens reached the postoffice, which is well up in the central portion of the town, they found the place a complete wreck. Not only had the handsome new safe been completely destroyed and rifled of valuables, but the interior of the place also was wrecked, the flying steel crashing through the fixtures and even shattering the front door.

Entrance had been gained by means of the front door, a skeleton key forming the means of entrance. Once inside the men lost little time in getting about their work. Common soap was used in forming a pocket for the high explosive, and after two charges had failed to open the safe, a third and much more powerful charge was exploded. The work was done about 1:30 o'clock.

Pieces of stamps and money orders together with papers and books were scattered about the office in utmost confusion, and the damage to safe and fixtures will cost \$200 to \$300 or even more to replace.

C. V. Stebleton, agent of the Pennsylvania railroad, lives next door to the postoffice. He was awakened by an explosion, but made no investigation. A second explosion aroused him to a consciousness that

something must be wrong. A third explosion quickly followed, and when he reached the door he beheld a man climbing into a buggy, and the rig drove rapidly away.

The newspaper office in New Holland is located immediately back of the postoffice, and employees left the office after midnight, and at that time all was quiet. One of the men recalled having heard a whistle, evidently a signal, as he stepped from the office.

As soon as the alarm had been spread, word was telephoned to the police of this and adjoining towns and cities, and all warned to be on the lookout for two men in a buggy.

Some big wrenches and a chisel were left behind by the burglars. It is thought these were stolen from a blacksmith shop. The toe of a man's hose, containing soap and evidences of the explosive, also was found. No effort to force the door by using the wrenches and chisel, had been made. Nothing but scraps of the door and outer casing of the safe was left intact.

Mr. Wm. Briggs is postmaster at New Holland, and is making every effort to catch the men. Postoffice inspectors will be put to work on the case at once.

Last summer an unsuccessful attempt to rob the office was made, but at that time the work was evidently that of home talent. This time the work has all indications of being that of professional yeggs.

Late Thursday afternoon two men were arrested in Greenfield, and they had 12,000 two cent stamps and 14,000 one-cent stamps.

One was a short, red faced, red haired man, and the other was tall and heavy set. They were awaiting arrival of the B. & O. train at that point.

### GREAT MESSAGE DELIVERED BY GLENN FRANK

One of the youngest lecturers on

the public platform, a speaker as brilliant and scintillating as he is retired on bonds. By the way you do your everyday job you are creating the standard of the community.

Mr. Frank created general laughter when he said that many a man would get up in meeting and tell the people how he intended to walk the golden streets, and then go into council meeting the next night and vote against a brick street for his own town people to walk over.

Mr. Frank stirred unusual interest upon his initial appearance at the Chautauqua of last summer, when his lecture on "The Good Wrong Man" convinced his audience of his remarkable grip upon the fundamental problems of the time and his ability to stir the social conscience.

A splendid audience greeted the progressive young lecturer, who was introduced by Supt. McLean.

With keen analysis, clear cut exposition and dignified charm of manner, Mr. Frank delivered a strong message of the hour, taking as his subject, "Lost in the Crowd—a Study of Citizenship in a Democracy."

According to the speaker the foundation for true citizenship in a Democracy must be based upon vital things. First the developing of mental efficiency, so that the brain, instead of being a cold storage plant, the mind a filing cabinet, there is a mind capable of intelligent consideration of issues; a mind capable of focusing its energies upon the problem in hand.

Second: The quality of independence. The spirit of citizenship cannot succeed where every man is passing on handed down opinions, where there is no creed. The result of his own individual thought, heart and mind.

Third: If our democracy is to succeed the average man must have a sane attitude towards wealth. This sane attitude demands that there be efficiency in production; justice in distribution and wisdom in consumption.

Mr. Frank claimed there is no justification for wealth other than the production which gives the right to ownership. Yet, if every man is a producer there can not be a democracy unless there is just distribution. He censured American charity as being largely prompted by selfish motives. "The shooting of so much cocaine into the arm of society to deaden the pain the source of which have never been reached."

"The greater part of the victims are not asking for charity, but the largest possible measure of justice in the distribution of the things he has helped produce."

"Still with all possible justice in distribution the Democracy would crumble if the average citizen did not consume his wealth. The hardest thing in the world for a genuine red blooded American man is to do nothing, and if the years of production have permitted no opportunity to create an appetite for appreciation of things worth while, the years of consumption mean little. It takes more brains to spend a dollar wisely than to make it."

American Democracy can never fulfill its purpose until every man attains a complete morality in both private and public life.

Lastly if our Democracy is to succeed the average man must see in his job his main chance to serve society. The biggest chance to serve society comes from both the way you make and the way you spend your money.

The business man's biggest chances

All men, in every land, without reference to ancient political convictions, honor the memory and celebrate the birthday of Abraham Lincoln. There is no reason why we may not, even in store advertisement, pay our tribute to his greatness.

Lincoln was a great servant of the people; he did what he could according to his convictions, to help his fellowmen. Mr. and Mrs. Frank L. Stutson announce the engagement of their daughter, Janet Loraine, to Mr. Henry Renick Boggs, son of Dr. and Mrs. S. E. Boggs, of Good Hope.

Mrs. George Worrell charmingly entertained the Thursday "500" club, with an additional table of guests Wednesday afternoon.

Fifty women of the Women's Home Missionary Society of Grace church thoroughly enjoyed a kensington in the church parlors Wednesday afternoon.

Mrs. Wheeler Bay read an interesting paper on "Red Man's Land," in the train of the Indian study of the society this year.

Miss Annette Stafford played two brilliant piano numbers and the young daughters of Mrs. Harry Rowe added several pretty piano numbers.

Dainty refreshments were served by the afternoon hostesses, Mesdames A. E. Pine, Ed Pine, D. H. Rowe, F. E. Ross, Wheeler Bay, Jane VanPelt, Charles Gardner, Hugh Weir, E. C. Hamilton, Miss Annette Stafford.

The hospitable Haines home on the Creek road will be the scene of a jolly house party of college girls for the week end, entertained by Miss Ivah Haines, who is home from the O. W. U. until the first of the week.

Announcing to curious friends that he was leaving yesterday morning for Washington C. H. on business, Raymond Rockwell, aged 21, was married at Cincinnati to Catherine Quinn, 20, Dayton.

The ceremony was performed by Rev. Glass of the Grace M. E. church, Cincinnati. The license was issued at Newport, Ky.

Mr. Rockwell, with his father, Albert Rockwell, conducts the Springfield Traction and Cab company. He has been rooming with his father in the Fisher building. Mr. and Mrs. Rockwell will make their home in Springfield after a visit of a few days with friends in Cincinnati.—Springfield Sun.

Rev. W. B. Gage, of the First Presbyterian church united in marriage at the manse Wednesday evening, at half past six o'clock, Miss Daisy Kent and Mr. Charles Bloomer.

The bride is an unusually bright and capable young woman, who has filled the position of traffic chief operator with the Bell Telephone Co., with marked efficiency during the past three years. Her home is in Waverly.

The bridegroom is the son of Mr. and Mrs. Joseph Bloomer and is engaged in farming at the Campbell homestead farm near town, where he and his bride will at once begin housekeeping.

Both of the contracting parties have the best wishes of a large number of friends. Mr. and Mrs. Carey Phillips accompanied them to the parsonage.

The bride was wearing an elaborate gown of pale blue silk poplin, with Persian trimming, black velvet hat, trimmed in black pansies.

Following the ceremony a supper was served to the family and a few friends at the home of the bridegroom's parents. A pink and white color scheme was effectively carried out in carnations and greenery.

Mrs. Carrie B. Willis delightfully entertained the women who compose the executive committee of the County W. C. T. U., at luncheon Thursday.

A delicious course menu was served and decorations were of primroses. Important business of the committee was transacted in connection with the luncheon. Mrs. S. M. Taggart, county president, was able to be with the committee.

## A BAD COUGH FOLLOWED GRIPPE

James Martin Tells How Vinol Stopped the Cough and Restored His Strength After an Attack of Grippe.

Wapakoneta, Ohio.—"I am a farmer by occupation and the grippe left me with a bad cough and in a nervous, weak run-down condition, and I could not seem to get anything to do me any good. I decided to try Vinol, and soon began to improve, and after taking one bottle I feel like a new man. Vinol has built me up, and my cough and nervousness are all gone, and I can truly say Vinol is all that is claimed for it."—JAMES MARTIN, Wapakoneta, Ohio.

The many letters which we are continually publishing from reliable people should prove to you that Vinol is a reliable body builder and strength creator; in fact we feel safe in saying that we have never sold in our store a more dependable, upbuilding tonic for the convalescent, weak and run-down than Vinol, our delicious cod liver and iron tonic without oil. Therefore if you need such a medicine, we ask you to try a bottle of Vinol, and if you don't think it helps you, we will return your money.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children.

## DARING GERMAN BIRDMAN WINGED

Paris, Feb. 11.—The French war office makes the announcement that in addition to destroying a German signal balloon in the vicinity of Cagny, at Verdun they brought down a German aeroplane, the pilot of which proved to be Lieutenant Von Hidenen. He will be remembered as the audacious aviator who last September flew over Paris, dropping bombs which caused the death of several noncombatants. It is not stated whether the lieutenant landed safely or was killed.

# TO CONFER WITH MEXICAN CHIEFS

Duval West to Be President Wilson's Personal Envoy.

FORMER DISTRICT ATTORNEY

Commissioned to Make General Inquiries Into Conditions, Interview the Principal Leaders and Make Clear to Them the Position of the Washington Government—Famine Conditions in Mexico City Serious.

Washington, Feb. 11.—Duval West, former United States district attorney at San Antonio, was selected to go to Mexico as the personal representative of President Wilson.

Secretary Bryan announced Mr. West's selection. The mission is similar to that of Paul Fuller, who some time ago conferred with the various leaders and returned to this country with his reports. Mr. West is commissioned to make general inquiries into the conditions, interview the principal leaders, including Carranza, Villa and Zapata, and make clear to them the position of the United States government with re-

spect to the protection of foreigners and their interests.

The length of time the president's envoy will spend in Mexico has not been determined, nor has any announcement been made as to whether he will see Carranza or Villa first. Eventually he will go to Mexico City, there to co-operate with the Brazilian minister, who is caring for American interests, and Consul John R. Sullivan. It is understood that while Mr. West will point out the growing necessity for permanent settlement of affairs in Mexico, he does not take any plan or suggestions from the United States. He has lived a number of years in Mexico and is understood to be generally familiar with the situation in the southern republic.

After conferences with President Wilson and Secretary Bryan, Mr. West left for his home in San Antonio, from which point he probably will go to Vera Cruz to talk with General Carranza.

Famine conditions in Mexico City are growing serious. The following report on the situation there was issued: "The military reports a short age of the bread supply, and it is reported that they recently noticed a bread line in which there were about 300 waiting their turn. According to the reports, the scarcity of bread is worse than it has ever been before. Some people are eating bread made of bran. On Feb. 8 the American club served corn bread to the needy."

The hardest fighting, however, has occurred on the Galician side of Tuholka pass, where the Austro-Germans captured the heights in the region of Kozlowka, only to be driven from them after a bayonet fight, which the Russians describe as being "without precedent in history."

According to these reports, repeated German attacks were finally repulsed by the Russians and the German dead lay in great numbers in front of the Russian positions. The losses are described as enormous.

The scene of the fighting was Bagrod, thirty miles south of Sanok, in Galicia. It is claimed by the Russian staff that the Hungarian forces in the Carpathians have been augmented by 300,000 Germans and that German officers are now definitely directing the Carpathian movement.

The German plan, insofar as it can be observed here, now seems to be to abandon gradually their aggressive on the Bzura and in the Vistula region and to transfer their troops to points where there is greater opportunity of piercing the Russian defensive.

## FRENCH REPEL TEUTON ATTACKS

Paris, Feb. 11.—The following communique was issued by the government: "During the days of Feb. 8, 9 and 10 we have caused the explosion of three mine chambers at La Boisselle and have succeeded in occupying the excavations formed by these explosions, despite a counter attack which we repulsed with bayonets. In the Argonne there has been artillery fire and bomb throwing on both sides, particularly in the region of Dolante and Bagatelle. The latest dispatches report a most violent but unsuccessful attack by the Germans against the Marie-Therese defense works. In Lorraine our outposts have easily repulsed an attack by the enemy. In the Vosges an attack by the enemy at La Fontelle Bande-Saït was checked."

## NUMBER OF TEUTONS PAROLED IN CANADA

Ottawa, Ont., Feb. 11.—In the house of commons Hon. C. J. Donerty, minister of justice, announced that the number of Germans and Austrians paroled or interned in Canada since the outbreak of the war was 30,324. Of these 28,420 have been paroled after registration and 1,904 have been interned in prison camps.

State Senator Carson Ill., Zanesville, O., Feb. 11.—James B. Carson, state senator, is seriously ill of pneumonia, his physician announced. He is at his home here.

## OPPONENTS OF BILL FORCE ADJOURNMENT

Opponents of Ship Bill Force Adjournment of Senate.

Washington, Feb. 11.—Republican and Democratic senators who oppose the government ship purchase bill, aided by Senators Norris and Kenyon, progressive Republicans, who have stood by the bill, forced an adjournment last night of the longest continuous session in the history of the senate and made more uncertain than ever the fate of the measure which the administration has so urgently pressed upon congress.

Upon the adjournment, after fifty-four hours and eleven minutes of continuous debate, leading members of both houses of congress conceded that an extra session to be called soon after March 4 seemed inevitable. There were some, however, who still hoped that there yet might be time to dispose of appropriation bills and the ship purchase measure in some form before adjournment.

Adjournment came on a motion made by Senator O'Gorman, which prevailed, 48 to 46, after Senator Norris, deploring the fatiguing filibuster, had proclaimed his conclusion that opponents of the ship purchase bill could filibuster it to its death.

## ADMITS FLYING THE STARS AND STRIPES

New York, Feb. 11.—Officials of the Cunard Steamship company admitted that the steamer Orduna, which arrived in this port from Liverpool, flew "a neutral flag" for a time while she was clearing the Irish coast. This statement was made after a number of passengers on the British liner had declared that for nearly twenty-four hours on Jan. 31 she flew the stars and stripes while passing through the Irish sea.

## BRIDGE WRECKER'S TRUNK IS SEARCHED

New York, Feb. 11.—Daniel T. O'Connell of Boston, attorney for Werner Horn, who attempted to wreck the international bridge over the St. Croix river, examined Horn's trunk at the hotel in Tompkinsville, S. I., and shipped it to Boston. He found no explosives in the trunk, he said, and no papers to show that Horn was acting under the direction of the German government or any German organization.

### Why He Was Careful.

A man who believed in pedestrianism coaxed a friend to accompany him on a little jaunt. Every time they crossed the road his friend looked first one way and then the other and refused to budge if there chanced to be a motorist in sight.

"It's all well enough to be careful," said the pedestrian, "but can you seem to have let automobiles get on your nerves?"

"I've good reason to be careful," answered his friend. "The insurance policy I carry is void if I get run over by one."—Judge.

WILHELMINA WILL HER LOSE CARGO

London, Feb. 11.—British officials announced that the American steamer Wilhelmina, which is bound for Germany with food supplies for non-combatants and which is being detained at Falmouth, will be released as soon as her cargo has been removed and the case placed before a prize court. There is no question of the confiscation of the vessel herself, which will be released as soon as her cargo is unloaded and she will be permitted to proceed whither she wishes. The cargo will be purchased by the British government.

On May 19, 1780, there was such atmospheric gloom over Hartford, Conn., that the legislature adjourned for the day.

KRAMER BILL PASSES THE HOUSE

Provides For a Recount of Referendum Ballots.

SEVERAL AMENDMENTS LOST

House Judiciary Committee Recommends That the Torrens Land Law Be Repealed—Public Hearing to Be Held on Bill Amending the Anti-Screen Act—New Measures Introduced.

Columbus, Feb. 11.—Provision for throwing out the vote of a precinct on proof of bribery or intimidation was the main point of the attack directed by wets on the Kramer bill for a recount of referendum ballots that was passed by the house, 100 to 9. Those who looked for a wet and dry line upon the bill were disappointed, for most of the wets stood with the dries against amendments that were offered. Niding of Lorain attacked the bribery section because under it the supreme court, which the bill empowers to order a recount on complaint, would throw out the honest as well as the dishonest votes in a precinct, but was told this is the present law in contests of the election of public officers. The house supported Kramer's contention that his provision was needed as a club to prevent bribery and "would not be used more than once in ten years."

The house passed the Garver bill for drawing a jury from an adjoining county when the county treasurer is made party to a taxpayer's suit; adopted the Bohm resolution memorializing congress to pass the Palmer-Owen child labor bill, and sent back to committee the Baker bill to increase the tax exemption of church property.

Recommendation that the Torrens land registration law be repealed was voted by the house judiciary committee. Of numerous bills for this repeal the committee will report the Totman measure. A curative clause will leave undisturbed pending cases under the Torrens act. The law was enacted two years ago under the Torrens amendment to the constitution

and was made compulsory for estates in the hands of courts.

Possibly to assure preservation of neutrality within the United States, Mr. Brown of Union introduced a bill forbidding an alien to have possession of a shotgun or rifle or to hunt. A new bill by Representative Hoy of Jackson makes mother and father equal guardians of minor children.

A public hearing on Senator Gallagher's bill to amend the Green anti-screen law to permit operators and miners to contract as to the method of mining coal, will be held by the senate committee on mines and mining in the senate chamber at 7:30 Tuesday evening.

School boards will be permitted to sell bonds at private sale after failure to receive bids at public sale if a bill introduced by Senator Lloyd becomes a law. The private sale must be authorized by a two-thirds vote of the board.

Bill Slashes Salaries.

Senator Howard, chairman of the legislative office probe committee, today introduced in the senate a bill readjusting the compensation of state officers and employees fixed by law. The measure embodies the results to date of the investigation, insofar as statutory salaries are concerned.

The principal salaries which will be changed if the bill is enacted into law are: Members of the public utilities commission, cut from \$6,000 to \$4,500; superintendent of insurance, from \$6,000 to \$4,500; members of the state tax commission, industrial commission and board of administration, from \$5,000 to \$4,000; oil inspector, from \$3,500 to \$3,000. The salary of state highway commissioner will be permitted to remain at \$4,000.

Until the Howard bill is passed, the appointments of Governor Willis to positions included in the list will not be confirmed. An effort will be made to have the measure passed as an emergency, so the salary cuts will become effective at once.

K. McKinley, efficiency engineer of the state civil service commission, told the probe committee in detail how \$50,000 annually, he thought, could be saved in the operation of the highway department by abolishing positions, cutting salaries and reorganizing the department, without impairment of efficiency or service. Clifford Shoemaker, one of the three deputy commissioners, told the committee that an annual saving of at least \$38,000 could be effected by abolishing positions.

REPUBLICANS FACE CHARGE OF CONSPIRACY

Indicted In Connection With Alleged Election Frauds.

Terre Haute, Ind., Feb. 11.—Roy Shattuck, Republican candidate for congress in the Fifth district; Warren Soules, William Fears, William Meyers and Morton Holmes, Republican candidates for county treasurer, assessor and commissioner, respectively, were arrested on an indictment returned by the United States grand jury for alleged conspiracy to prevent citizens voting or serving on the election board.

This is the "Republican conspiracy" to which United States District Attorney Frank Dalley referred at the time 115 arrests were made on Dec. 26, on what has been known as the "Democratic conspiracy" indictment. The indictment charges that the five Republicans gave \$1,000 to a red light saloonkeeper and political boss named Frank Hess to cause election boards in two precincts to make returns in their favor.

OHIO HAPPENINGS

Liquor Commissioners Named.

Columbus, Feb. 11.—Naming of county liquor license commissioners for the counties which get saloons under the recent home rule amendment was begun by the state license commission when boards were named in five counties, as follows: Delaware, H. M. Blinz, Rep., and C. M. Leonard, Dem.; Hardin, William C. Bowman, Rep., and C. P. Griffith, Dem.; Madison, Horace G. Jones, London, Rep., and D. Morrissey, Dem.; Union, Dr. D. J. Jenkins, Rep., and Charles P. McCloud, Dem.; Vinton, E. H. Perkins, Rep., and Dennis Steele, Dem.

May Reopen the Mines.

Cleveland, Feb. 11.—Reopening of coal mines in the eastern Ohio field on an open shop basis as a result of the failure of the federal conciliators to bring about a settlement of the strike of 15,000 miners, was discussed by members of the Eastern Ohio Coal Operators' association. A decision will probably be reached at the meeting to be held next Monday.

WIFE SUES FOR \$25,000

Pittsburgh, Feb. 11.—Mrs. Pamela Patterson Fish, wealthy widow, was made defendant in a suit for \$25,000 for the alleged alienation of the affections of James A. Wilson, an insurance man. Startling revelations are made by Mrs. Annie Olivia Wilson in her suit, declaring that she has been compelled to endure snubs from Mrs. Fish for fifteen years. Wilson and his wife were married in Wilmington, Del., in 1889.

## TORRENS LAW HOLDS ITS OWN

The Cincinnati and Columbus morning papers on Thursday contained news items to the effect that the Judiciary committee of the House had the evening previous determined to report for passage the Tolman bill for the repeal of the land title registration law. Upon inquiry by telephone of the clerk of the House it has been ascertained that this report is incorrect, but that the Judiciary committee will recommend for passage the Myers Senate Bill No. 12, which has already passed the Senate, making registration in suits brought by an officer appointed by a court and in partition suits, optional, instead of compulsory as the law at present provides.
